AT updates

7 October 2026

Areas of transport responsibility post reform

All key points of contact remain the same

Auckland Council

- Parking: public parking services and enforcement. AT Park becomes AC parking.
- Roads and maintenance: intersection improvements, streetlights, road resealing and pothole repairs.
- Building public transport infrastructure: bus stops, wharves, railway station improvements, rail level crossings programme, bus and transit lanes.
- Footpaths and cycleways.
- Road safety.
- Transport policy, funding and decision-making.

Auckland Transport

- Public transport – bus, train and ferry services.
- Public transport timetable changes.
- Public transport fares.
- Public transport ticketing, HOP cards and contactless payments.
- Public transport facilities.
- Journey planning and travel information.

Teams/functions remaining with AT

Network Planning and Performance

- PT Services Planning and Development
- Rail Services
- Bus and Ferry Services
- Network Management

Customer and Community

- Travel Choices

Teams/functions moving to Auckland Council

Transport Performance and Optimisation

- Active Modes
- Parking design

Community

- Parking enforcement

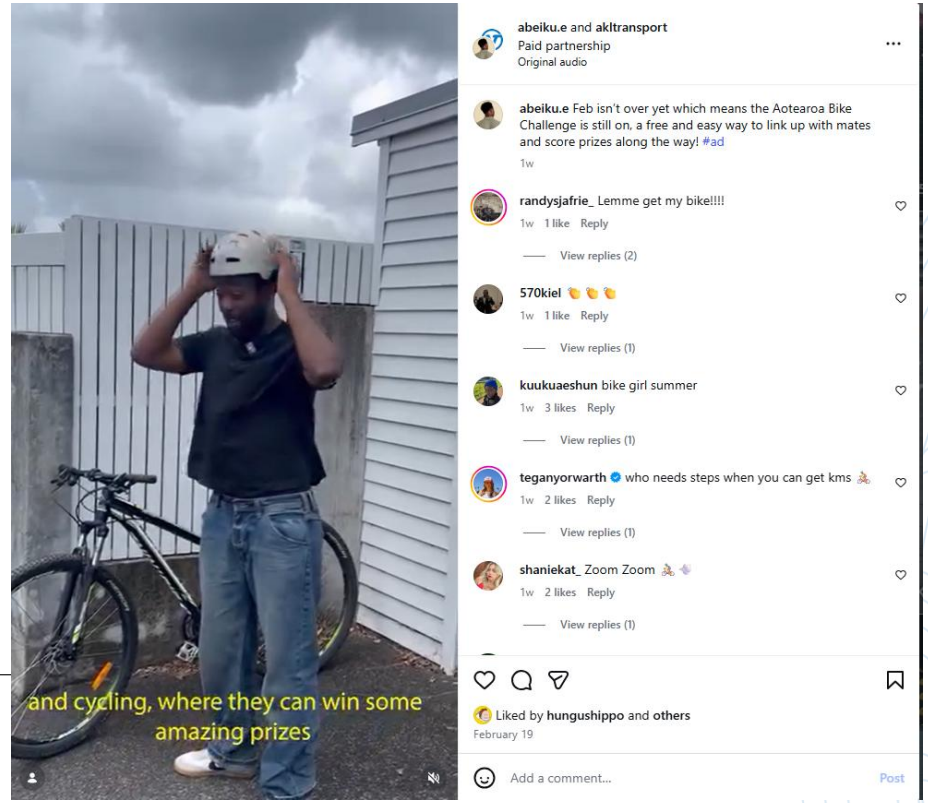

Other

- Transport Strategy for the City Centre - including WQ
- Time of use charging
